

Study Capture

Accessing your daily study capture independent learning task in Microsoft Teams is very simple. The following instructions will assist you with this;

1. Click on your year group team in Microsoft teams.

Your study capture may be on the main page/front screen. Click on view assignment

2. If your Study capture assignment is not shown. Click on assignments in the list.

3. When study capture is set this is what the assignment screen will look like.

Click on the assignment

4. Study Capture Sheet to complete.

Enter the subjects for the day P1 to P5

Date	Subject	Topic	Key Take Away	Keywords	Rating
26th Sept					

Enter the title of the lesson or the topic you are learning about in the lesson.

Enter what you learnt in the lesson. The key take away from that lesson.

Type any important keywords from the lesson

How well did you understand the lesson (1-5)

5-Totally understand

1- Did not understand

This is an example of what your study capture should look like
